## SUMMARY

Full Stack Developer skilled in building performant and scalable web applications using React, Next.js, Node.js, and MongoDB. Strong focus on clean UI design, performance optimization, and modern development practices. Motivated to contribute to real-world projects that merge technology with meaningful impact.

## EDUCATION

**Bachelor of Computer Engineering**  
RTMNU , NAGPUR | 8 CGPA

Expected Apr 2026

## PROJECTS

### SkillCertify – Online Learning & Certification Platform

Jan 2025

**Tech Stack:** React.js, Node.js, Express.js, MongoDB, Razorpay, Tailwind CSS, Framer Motion, Radix UI.

- Built a responsive learning platform enabling users to enroll in courses, complete assignments, and earn verifiable certificates.
- Integrated Razorpay payment gateway and designed a backend database to securely manage user data, courses, and payment transactions.
- Implemented client-side routing with React Router and smooth animations using Framer Motion for a modern user experience.

### ScanFeast – QR-Based Digital Menu & Ordering Platform

May 2025

**Tech Stack:** Next.js, Node.js, Express.js, MongoDB, Razorpay, Tailwind CSS.

- Developed a digital menu platform where users scan a QR code to instantly view food items and prices.
- Engineered a secure backend system with a database to store menus, user orders, and payment records.
- Integrated a payment gateway to process online transactions and securely save payment details for orders.
- Utilized server-side rendering and Tailwind CSS to ensure a fast, responsive user experience on all devices.

## Experience

### Front-End Development Intern

Jan 2025 – Jun 2025

Cognifyz Technologies

- Contributed to real-world UI development projects using modern front-end technologies such as React, Tailwind CSS, and JavaScript.
- Collaborated with cross-functional teams to deliver responsive, user-friendly interfaces, showcasing effective communication and teamwork.
- Approached tasks with enthusiasm and passion for new front-end technologies during a paid internship.

## CERTIFICATIONS

### Web Development

July 2024 – Sep 2024

### Software Engineering Job Simulation

July 2025 – Oct 2025

## SKILLS

**Languages & Scripting :** HTML, CSS, JavaScript, C++.

**Frameworks & Libraries :** React.js, Next.js, Node.js, Express.js, Tailwind CSS, Framer Motion, Radix UI.

**Tools:** Git, GitHub, MongoDB, Firebase, Linux, Appwrite, Vercel, Netlify.

**Skills:** Data Structures & Algorithms, GitHub Contributions, Problem-Solving Skills, Research-Oriented Work.

**Intrest:** Photography, Video Editing, Gaming, Cricket.
